

Commute With Care

Traveling by Bike or Scooter

Everyone needs to do their part to keep our community healthy and safe, including YOU! Continue practicing social distancing and wear a face covering or mask every time you leave home. Review these safety tips so you know how to commute with care when traveling by bike or scooter in Washington, DC.

What you need to do:

Keep at least six feet of distance between you and others at all times.

Wear a face mask when you leave your home.

Clean handle bars and all parts you come in contact with before you ride.

Avoid touching your face with unwashed hands.

Popular trails are likely to be more crowded, use precautions and social distance.

Carry hand sanitizer and/or disinfecting wipes.

Wash or sanitize your hands frequently.

Stay home if you exhibit any symptoms of illness.

What you need to know:

- Capital Bikeshare offers pedal-assist e-bikes to make it even easier to get around.
- Capital Bikeshare for All offers \$5 annual memberships to those who qualify for certain state or federal assistance programs (SNAP, TANF, etc.).
- All electric scooter companies are offering free or discounted programs for healthcare workers and income-eligible residents.
